Subject: Performance Measures & Engagement Data Report, Preliminary Data

OUTCOME MEASURES

OUTCOME 1. MORE COMPACT AND SOVEREIGNTY STATE PARTICIPATION IN COMMISSION ACTIVITIES.¹

1A. Attendance by Compact & Sovereignty States at Annual Meetings

¹ In determining Outcome 1 numbers, attendance lists in published minutes served as the primary source record, unless otherwise indicated. For FY2018 forward, the committee decided that states not otherwise represented in person but on the phone should be indicated (providing a better picture of state participation).

**1B. Average Attendance by Compact & Sovereignty States
at Executive Committee Meetings**

*Note: The COVID-19 pandemic caused the spring meeting 2020 to be entirely by teleconference, meaning all 15 compact and sovereignty states participated by phone. If the spring meeting is removed from the analysis, the average would be 13 in person and 2.5 by phone. The 2021 meetings were all entirely teleconference.

**1C-1² Average Attendance by All States
in Uniformity Committee Meetings**

*Note: Data for 2022 is preliminary.

² Throughout this report, separate conjunctive baselines and measures, e.g., "...in Uniformity and Litigation committee meetings ..." use "-1" and "-2" to distinguish them.

**1C-2 Average Attendance by All States
in Litigation Committee Meetings**

*Note: The Litigation Committee did not formally meet in FY 2022. However, under the committee auspices, attorney roundtables and attorney trainings took place.

**1D-1 Average In-Person Attendance by Program States
in Audit Committee Meetings**

*Note: The COVID-19 pandemic caused the 2020 spring meeting to be entirely by teleconference, meaning all 22 states participated by phone. If the spring meeting is removed from the analysis, the average would be 15 in person and 9.5 by phone. The 2021 meetings were all entirely teleconference.

1D-2 Average In-Person Attendance by Program States in Nexus Committee Meetings

*Note: The COVID-19 pandemic caused the spring meeting to be entirely by teleconference, meaning all 28 states participated by phone. If the spring meeting is removed from the analysis, the average would be 18.5 in person and 6.5 by phone.

**OUTCOME 2. MORE TOP TAX ADMINISTRATORS (OR REGULAR ALTERNATES)
PARTICIPATING IN COMMISSION ACTIVITIES.**

**2A. Personal Participation by Top Tax Administrators or Regular Alternates of
Compact & Sovereignty States at Annual Meetings**

2B. Average Personal Participation by Top Tax Administrators or Regular Alternates of Compact & Sovereignty States at Executive Committee Meetings

*Note: The COVID-19 pandemic caused the 2020 spring meeting to be entirely by teleconference, meaning all 14 compact and sovereignty states participated by phone. If the spring meeting is removed from the analysis, the average would be 11.5 in person and 1.5 by phone. The 2021 meetings were all entirely teleconference.
