Committee Rules:

Generally – The Chair runs the meeting, following the agenda. Anyone wishing to speak should ask to be recognized by the Chair. Questions are welcome at any time and participation is encouraged. The agenda also provides signals for each topic as to the type of participation anticipated (discussion, advice, voting, etc.). Members of the public are invited to provide comments as well.

Committee Members – Committee membership is voluntary and inclusive. All state personnel present or on the phone during a meeting are welcome to participate as members of the Committee and can offer motions or amendments and participate in Committee discussion, etc. But only one person from each state should cast a vote. (Members from the same state can decide who votes.)

Motions and Amendments – Official Committee decisions are made by motion (no need for a second). Motions may be offered by any Committee member, with or without an invitation of the Chair. The moving member may amend or withdraw a motion prior to a vote and other members may offer amendments, “friendly” or not. The Chair will allow discussion of motions and amendments prior to voting. The Chair may allow a request to reconsider a motion after a vote.

Voting – The Chair determines how particular votes are taken—including asking for objections only. State members participating by phone may be asked to identify themselves when voting, but otherwise, there is no requirement for a roll call vote. Unless the Chair asks for objections only, members may vote to accept or reject a motion or amendment, or may abstain. Staff will be asked to record adopted motions and amendments, but need not record vote tallies unless requested.

The Executive Committee referred the draft Use Tax Information Reporting Model, previously approved by this committee, back to the committee after the 10th Circuit upheld Colorado’s version of the information reporting requirements. This committee created a work group to consider any changes that might need to be made to the model. That work group had weekly phone calls to discuss possible changes.

Work Group Report – The work group is recommending to the committee the adoption of the draft for referral back to the Executive Committee.

VI. PROJECT: Partnership/RAR Model Work Group
(10:05 P.M. – 11:15 P.M.)
Tracee Abel, Work Group Chair, Helen Hecht, MTC

This project started as an information project after Congress passed new requirements for audits of large partnerships. This committee then created a working group and has asked that group to recommend changes to state law that would allow states to respond to the change in the federal partnership audit and adjustment process, allow for assessment of tax amounts at the entity level, and make modifications to the Commission’s Reporting Federal Adjustments Model (RAR) statute and regulations. A number of “interested parties” (ABA, AICPA, COST, TEI, IPT and others) are assisting the work group and have proposed a draft which the committee agreed should be the starting point for the work group’s deliberations.

Work Group Report – The work group will give a report on the project’s status and any other related developments and is expected to report on areas of agreement and disagreement, or other areas which would benefit from the committee’s direction.

[See link to work group report and presentation including proposed language in the online agenda on the MTC website.]
