Subject: Proposed Amendments to MTC Bylaws and Public Participation Policy

Attached for the Commission's consideration are proposed amendments to Multistate Tax Commission Bylaws 1 and 7 as well as to Sections 2 and 8 of the MTC Public Participation Policy. These amendments relate to the computation of days for notice and procedures for Commission bodies to follow when there is a failure to provide proper notice of meetings and hearings to be conducted by those bodies. The proposed amendments are shown in the two attachments (one for the bylaw changes and one for the public participation policy changes). These amendments were approved by the Executive Committee on May 9, 2013.
