Subject: Model Sales and Use Tax Notice and Reporting Statute

On March 3, 2010, the uniformity committee voted to develop a model statute, along the lines of a bill that had been introduced in the Colorado legislature just days earlier. One year later, on March 2, 2011, the uniformity committee recommended the model favorably to the executive committee for submission to public hearing. On April 11, 2011, the executive committee approved the model for public hearing, which was held after 30 days’ notice on May 18, 2011. On June 6, 2011, the executive committee considered the report of the hearing officer, and voted to recommend that the model be considered for adoption by the Commission. 1 (See proposed Model, Attachment A.)

Commission bylaw 7 requires that before a uniformity proposal may be placed on the Commission’s agenda, a majority of the affected compact member states must indicate that they would consider implementing the proposal if the Commission were to adopt it as a model. To make this determination, a bylaw 7 survey was circulated to the 17 affected member states on June 7, 2011. As of the date by which the Commission’s agenda was required to be posted, eight states had responded in the affirmative, four states had responded in the negative, one state had abstained, and four states had yet to respond. Because nine affirmative responses were needed to constitute a majority in this case, and because only eight were received by the time notice was required for the Commission agenda, the model could not be placed on the Commission’s agenda.

In accordance with bylaw 7, the proposal was referred back to the executive committee for further consideration. The executive committee considered the proposal at its July, 2011 meeting, and determined it would carry the matter over to its December, 2011 meeting. At its December meeting, a committee member noted the “blank” for the threshold amounts of sales necessary to exceed the de minimus exceptions in subsections (d)(1) and (2). These amounts had been left blank in recognition of the difference in size of markets across the states. But it was pointed out that the blanks make it difficult to estimate how a state’s vendors would be affected by this proposal. The executive committee requests that the uniformity committee recommend lower-limit de minimis amounts (minimum recommended thresholds) for (d)(1) and (d)(2) of the proposal.
