(4) In addition to Section (2), a seller of tangible personal property is presumed to be engaged in the business of making sales at retail of tangible personal property in this state through an independent contractor or other representative, if the seller enters into an agreement, directly or indirectly, with 1 or more residents of this state under which the resident, for a commission or other consideration based on completed sales, directly or indirectly, refers potential purchasers, whether by a link on an internet website, in-person oral presentation, or otherwise, to the seller, and if (i) the cumulative gross receipts from sales by the seller to purchasers in this state who are referred to the seller by all residents of this state with such an agreement with the seller is greater than $10,000.00 during the immediately preceding 12 months, and (ii) the seller’s total cumulative gross receipts from sales to purchasers in this state exceed $_______ during the immediately preceding 12 months. Evidence to rebut the presumption may consist of verified written statements from all residents with whom the seller has an agreement stating that they did not engage in any such solicitation or other activities in this state on behalf of the seller during the preceding 12 months if the statements are provided and obtained in good faith.

(6) An agreement under which a seller purchases advertisements from a person or persons in this state, to be delivered on television, radio, in print, on the Internet, or by any other medium, is not an agreement described in Section (4) above, unless the advertisement revenue paid to the person or persons in this state consists of commissions or other consideration that is based upon completed sales in this state.
