

## Lookback Periods for States Participating in National Nexus Program

The lookback period includes the prior complete tax filing periods for which a taxpayer applying for voluntary disclosure relief must generally file returns and pay the past-due tax liability plus interest in return for the state's waiver of tax liability for periods prior to the lookback period and penalties. The lookback period also includes the current incomplete tax filing period, the return for which must be timely filed and tax paid when due. The prior and current tax filing periods are determined based on the date that the application is received by National Nexus Program staff. Each state determines its own lookback period. Lookback periods may vary between states. The lookback periods published below are provided for guidance purposes only to assist taxpayers seeking voluntary disclosure relief in estimating the amount of past-due tax liability payment that may be required. For a state that has implemented sales/use tax economic nexus, if the taxpayer has only sales/use tax economic nexus and no physical presence in that state, the sales/use tax lookback period would not commence earlier than the state's sales/use tax economic nexus implementation date. For states that have adopted sales/use tax economic nexus, please see the chart entitled "Sales/Use Tax Lookback Periods for Taxpayers With Economic Nexus Only." As each state makes the final determination of the lookback period, following review of the taxpayer's application, the guidance below does not constitute specific advice and accordingly should not be relied upon without further confirmation from the state(s). Please note that withholding tax retained from employee salaries and sales and use tax collected from others must be remitted in its entirety, without regard to the lookback period, and may involve non-waivable penalties.
