

State Intercompany Transactions Advisory Service Committee November 2019 Report

The State Intercompany Transactions Advisory Committee has encouraged continued case example discussions among Committee member states, states that signed the participation commitment and information sharing agreement, and other states pursuant to other information exchange agreements and authorizations. The Committee also has continued outreach efforts to other states to ascertain interest in participating in these activities with Committee member states and other participating states. The Committee is considering holding another informational and training session, a follow-up to the well-received training and information session held March 6 and 7, 2019, in Peachtree City, Georgia. Further activities of the Committee and next steps for the Committee to consider continue to be discussed.
