

To: Executive Committee
From: Glenn Hegar, Treasurer
Date: April 29, 2021
Subject: The FY 2022 Budget

I. Commission Budget Process

Each year at a spring meeting, the Executive Committee sets the fee levels for major programs:

- Membership assessments for compact members and sovereignty members,
- Audit fees for Joint Audit Program states, and
- Nexus fees for National Nexus Program states.

The Executive Committee may at this time, as at any other, consider special requests for expenditures, the establishment or modification of appropriated funds (funds dedicated to a particular purpose) or the authorization of fees for special projects.

This is also the time when the Executive Committee reviews and approves the expenditures budget for the upcoming fiscal year, subject to any major issues developing between now and the Annual Commission Business Meeting. If anything like this were to occur, then the proposed budget could be revised, and a teleconference meeting of the Executive Committee could be held before the early August 2021 Commission meeting.

If both the fees part of the budget and the expenditures part of the budget are approved, there would be no need (*based on what is now known*) for any additional budget related meetings of the Executive Committee before the ratification of the FY 2022 budget by the at the upcoming Commission meeting in early August.

II. Commission Fee Structure

General Membership Assessment (Compact & Sovereignty Members)

The general membership assessment (GMA) finances the uniformity, research, legal and administrative support for programs, legislative efforts at both federal and state levels, litigation and amicus curiae support for states, and other activities of the Commission as well as supporting the annual conference.

The total membership assessment is distributed to the states according to a formula in the Multistate Tax Compact whereby 10 percent of the fees are divided on an equal basis, and 90 percent on the basis of relative shares of certain state and local revenues (as specified in Art. VI, Sec. 4(b) of the Compact). The state and local revenues are determined using information from the U.S. Bureau of the Census.

Joint Audit Program Fees

Overall audit fees are set on a cost basis to cover the operations of the program (as required by Article VIII of the Multistate Tax Compact). The audit fees support the audit services provided to states through the Joint Audit Program. They are distributed among the states by a schedule approved by the Executive Committee. The distribution of the fees among participating states is based on a long-range schedule of fee changes adopted in May 1991.

States participating in both income and sales tax audits pay a base fee amount that is equal for each state and is based on a cost reimbursement method. States participating in only income or sales tax audits pay an amount equal to 60 percent of the base fee amount for participating in both types of audits. States that are not compact or sovereignty members also pay an additional 20 percent general operations support surcharge. Audit fees are reduced by 10 percent for those participating states which are among the 10 smallest states by population including the District of Columbia.

National Nexus Program Fees

Total nexus fees are set to cover the costs of operating the program (the intent of the Compact—expressed in Article VIII—is that Commission compliance activities are funded by states on a cost basis). Nexus fees support the compliance activities of the National Nexus Program. The nexus fees are apportioned among participating states according to a formula whereby 60 percent of the costs are divided on an equal basis, and 40 percent on the basis of relative shares of state tax revenues of participating states (obtained from the U. S. Bureau of the Census). States participating in only the income or sales tax aspects of the program pay 60 percent of the equal share, but otherwise pay the 40 percent component just as those participating in both.

Nexus fees are also capped such that no state pays more than five percent of the total program fees. States that are not compact or sovereignty members also pay an additional 20 percent general operations support surcharge.

Training Fees

Training fees are set on a full cost recovery basis in accordance with the policy set by the Executive Committee.

III. The FY 2022 Budget

Revenues

Fee increases are requested for FY 2022:

Membership Assessments: 1.0% (calculated on the total membership assessments)

The total membership fees requested for FY 2022 are \$1,397,466 which is a 1.0% increase over the approved membership fees of \$1,383,630 for FY 2021. Total membership fees were last raised for FY 2020 when a 2.0% membership fee increase was approved above the FY 2019 membership fee total of \$1,356,500.

Audit Program Fees: 1.0% (calculated on the base audit fee)

The basic 2-tax audit fee is requested for FY 2022 is \$221,200 which is 1.0% above \$219,000 fee level for FY 2021. Audit program fees have been held at the \$219,000 level since the last increase was approved for the FY 2019 budget year.

Nexus Program Fees: 1.0% (calculated on the total Nexus fees)

The total Nexus program fees for FY 2022 are requested to be set at \$889,315 which is 1.0% more than the FY 2021 actual total of \$880,512.

General Operations Support Surcharge

This 20% surcharge is added to the Joint Audit Program fee and National Nexus Program fee for states which are neither a Compact nor Sovereignty member. This amount is assessed on non-Compact and non-Sovereignty members to support the general operations of the Commission. As such this amount is transferred from either the Audit Program or the Nexus Program to support the General Operations of the Commission. For FY 2022 the general operations support surcharges total \$209,698 from the Audit Program and total \$70,664 from the Nexus Program. These surcharges help mitigate the need for additional increases in the total Membership fees.

Expenditures

In general, the requested expenditure amounts in the attached requested FY 2022 budget reflect a continuation of current activities.

The most important factors affecting the expenditures budget are as follows:

1. The FY 2022 requested expenditures for the major fee-supported program areas (general operations, audit, and nexus, but excluding training) total \$7,267,841 versus the FY 2021 approved expenditures of \$7,538,688. This expenditure request is \$270,847 less than that approved for FY 2021 and is related to the reduction of audit program FTEs as noted in item 5 (below).
2. An estimated 8.0% health insurance premium increase over the current premium amount. This is consistent with the percentage increase in the Commission's group health insurance that occurred on the most recent anniversary date of September 1, 2020.
3. A 3.0% overall salary adjustment is requested.
4. The legislative advisor position (page 14 of the budget document) will again be within the legislative department beginning with FY 2022 and not in the legal department in which it was placed in FY 2021.
5. The FY 2022 Audit Program FTEs of 26.53 is 3.0 FTEs lower than the FY 2021 budgeted amount. This is due to the loss of audit program fees totaling \$394,200 from two states that dropped out of the audit program beginning FY 2021.

Staffing Levels as budgeted for FY 2022 are as follows:

	FTEs
General Operations (Executive, Legal, Legislative, and Uniformity)	5.75
Audit Program	26.53
Training & Education	.49
Nexus Program	4.47
Administration (Information Technology and General Administration)	6.50
TOTAL	43.74

Staff time is allocated to and charged to Training & Education as staff performs duties associated with the various schools (Nexus schools, Statistical Sampling schools, *etc.*). Three schools are budgeted for FY 2022.

IV. The FY 2023, FY 2024, and FY 2025 Budget Projections
