

To: Executive Committee
From: Glenn Hegar, Treasurer
Date: April 27, 2023
Subject: The FY 2024 Budget

I. Commission Budget Process

Each year at a spring meeting, the Executive Committee sets the fee levels for major programs:

- Membership assessments for compact members and sovereignty members,
- Audit fees for Joint Audit Program states, and
- Nexus fees for National Nexus Program states.

The Executive Committee may at this time, as at any other, consider special requests for expenditures, the establishment or modification of appropriated funds (funds dedicated to a particular purpose) or the authorization of fees for special projects.

This is also the time when the Executive Committee reviews and approves the expenditures budget for the upcoming fiscal year, subject to any major issues developing between now and the Annual Commission Business Meeting. If anything like this were to occur, then the proposed budget could be revised, and a teleconference meeting of the Executive Committee could be held before the late July 2023 Commission meeting.

If both the fees section of the budget and the expenditures section of the budget are approved, there would be no need (*based on what is now known*) for any additional budget related meetings of the Executive Committee before the ratification of the FY 2024 budget by the at the upcoming July Commission meeting.

II. Commission Fee Structure

General Membership Assessment (Compact & Sovereignty Members)

The general membership assessment (GMA) finances the uniformity, research, legal and administrative support for programs, legislative efforts at both federal and state levels, litigation and amicus curiae support for states, and other activities of the Commission as well as supporting the annual seminar.

The total membership assessment is distributed to the states according to a formula in the Multistate Tax Compact whereby 10 percent of the fees are divided on an equal basis, and 90 percent on the basis of relative shares of certain state and local revenues (as specified in Art. VI, Sec. 4(b) of the Compact). The state and local revenues are determined using information from the U.S. Bureau of the Census.

Joint Audit Program Fees

Overall audit fees are set on a cost basis to cover the operations of the program (as required by Article VIII of the Multistate Tax Compact). The audit fees support the audit services provided to states through the Joint Audit Program. They are distributed among the states by a schedule approved by the Executive Committee. The distribution of the fees among participating states is based on a long-range schedule of fee changes adopted in May 1991.

States participating in both income and sales tax audits pay a base fee amount that is equal for each state and is based on a cost reimbursement method. States participating in only income or sales tax audits pay an amount equal to 60 percent of the base fee amount for participating in both types of audits. States that are not compact or sovereignty members also pay an additional 20 percent general operations support surcharge. Audit fees are reduced by 10 percent for those participating states which are among the 10 smallest states by population including the District of Columbia.

National Nexus Program Fees

Total nexus fees are set to cover the costs of operating the program (the intent of the Compact—expressed in Article VIII—is that Commission compliance activities are funded by states on a cost basis). Nexus fees support the compliance activities of the National Nexus Program. The nexus fees are apportioned among participating states according to a formula whereby 60 percent of the costs are divided on an equal basis, and 40 percent on the basis of relative shares of state tax revenues of participating states (obtained from the U. S. Bureau of the Census). States participating in only the income or sales tax aspects of the program pay 60 percent of the equal share, but otherwise pay the 40 percent component just as those participating in both.

Nexus fees are also capped such that no state pays more than five percent of the total program fees. States that are not compact or sovereignty members also pay an additional 20 percent general operations support surcharge.

Training Fees

Training fees are set on a full cost recovery basis in accordance with the policy set by the Executive Committee.

III. The FY 2024 Budget

Revenues

The fees of the Multistate Tax Commission are expenditure driven by and based on the anticipated costs of operating the various programs. Those costs have increased along with the overall rate of inflation.

Membership Assessments:

The requested FY 2024 membership fees for all but one member state are being requested for approval at amounts less than the approved membership fees for FY 2022, before California joined as a Sovereignty during FY 2022.

Total membership fee amount requested for FY 2024 is \$1,706,000. That fee level represents a \$114,400 increase over the total approved membership fee of \$1,591,600 for FY 2023, and a \$81,775 increase over the total projected membership fee of \$1,624,225 for FY 2024 included in last year's budget.

Audit Program Fees:

The basic 2-tax audit fee is requested for FY 2024 at \$238,400 versus the FY 2023 approved amount of \$224,850, an increase of \$13,550 per year. That 2-tax audit fee amount represents a \$7,400 increase over the projected basis 2-tax audit fee of \$231,000 for FY 2024 included in last year's budget. The continuing phase-in of Vermont into the Audit Program helps hold down the fees of other participating states.

Nexus Program Fees:

The total Nexus program fee for FY 2024 is requested to be set at \$1,006,466 which is \$47,039 higher than the \$959,427 which was approved for FY 2023, and \$22,094 higher than the \$984,372 that was projected last year for FY 2024.

General Operations Support Surcharge

This 20% surcharge is added to the Joint Audit Program fee and National Nexus Program fee for states which are neither a Compact nor Sovereignty member. This amount is assessed on non-Compact and non-Sovereignty members to support the general operations of the Commission. As such this amount is transferred from either the Audit Program or the Nexus Program to support the General Operations of the Commission. For FY 2024 the general operations support surcharges total \$256,471 from the Audit Program and total \$75,622 from the Nexus Program. These surcharges help mitigate the need for additional increases in the total Membership fees.

Expenditures

In general, the requested expenditure amounts in the attached requested FY 2024 budget reflect a continuation of current activities.

Important factors related to the FY 2024 expenditures budget are:

- The FY 2024 requested expenditures total is \$8,494,433. That amount is \$512,619 above total FY 2023 approved expenditures of \$7,981,814, but \$183,965 above the \$8,310,468 of total expenditures that had been projected for FY 2024 in last year’s approved budget document.
- An estimated 5.0% health insurance premium increase over the current premium amount. This estimated percentage increase is being set at this anticipated level based on the recent history of fee increases and U. S. Bureau of Labor Statistics CPI related to medical care.
- A 4.0% overall salary adjustment is being requested.
- No additional positions have been added to the FY 2024 budget request. There are two vacant auditor positions and a seasonal/part-time legal intern that were approved as part of prior budgets.

Staffing Levels as budgeted for FY 2024 are as follows:

	<u>FTEs</u>
General Operations (Executive, Legal, Legislative, and Uniformity)	7.60
Audit Program	28.42
Training & Education	.09
Nexus Program	4.48
Administration (Information Technology and General Administration)	<u>7.11</u>
TOTAL	47.70

Staff time is allocated to and charged to Training & Education as staff perform duties associated with the various schools (Nexus schools, Statistical Sampling schools, *etc.*). Two in-person schools are included in the requested budget for FY 2024.

IV. The FY 2025, FY 2026, and FY 2027 Budget Projections
