

Report of the Litigation Committee To the Executive Committee

May 2, 2024

Ray Langenberg (Texas), Chair
Aaishah Hashmi (Washington, D.C.), Vice Chair

This fiscal year the Litigation Committee has held attorney training programs and informational sharing sessions in conjunction with the July 2023 MTC summer meetings in Austin, Texas, the November 2023 fall committee meetings in Montclair, New Jersey, and the spring committee meetings in Kansas City, Missouri. Agendas are attached.

Attendance at these programs was open to public sector tax attorneys only, except the afternoon session of the spring attorney training program was also open to non-attorney tax administrators.

Attorneys who were not able to attend in person could attend these programs remotely. A \$100 technology fee was charged to remote attendees on each occasion to help cover the costs of providing remote access.

On July 24, 2023 the Committee held a regular committee meeting that was open to the public. The agenda included the annual review of the Committee's charter, an MTC legal team update by General Counsel Nancy Prosser which described the services the team provides, and a discussion to solicit program ideas covering both attorney training and the structure of informational sharing sessions. The meeting also included a presentation by three former administrative law judges from Texas who shared their insights about tax litigation and how attorneys can most effectively present their case.

The MTC legal staff has worked to expand the Litigation Committee roster of public sector tax attorneys to ensure that they are aware of Committee programs and other relevant MTC programs (and also to identify attorneys who may be resources to attorneys in other states). The roster contains more than 300 public sector tax attorneys.

Brian Hamer and Jennifer Stosberg, members of the MTC legal team, provide staff support to the Committee.
