

Round Table Questions

The uniformity meeting is the opportunity for states to share developments of interest in your state. In addition, think about any input you might have on these questions:

- Do you have any advice for other states on getting up to speed or handling issues with the OBBBA tax provisions? (Or do you have particular questions you're working on?)
- Are you seeing increased taxpayer questions about those OBBBA provisions?
- Are you experiencing any difficulties with the IRS (more than usual)?
- Are there any subjects that it might be useful to hear presentations on at the November meetings in New Orleans?
